

The Oakville, Milton and District Real Estate Board

Celebrating 65 years of REALTOR® service

RESPONSE & RISK MANAGEMENT TO COVID-19

COVID-19 has impacted many regions in the world, including Canada and the province of Ontario. Your safety and well-being are of the highest priority, and The Oakville, Milton and District Real Estate Board is implementing decisions made to minimize the risk of exposure to our Members, Board guests, and Staff.

While the current public health risk associated with coronavirus is **low**, we are implementing additional safety measures, including:

- **Cancellation of all Events, Seminars and Training until Friday, April 3, 2020**
- **Cancellation of all in-person Meetings until Friday, April 3, 2020**
- **As we assess the situation, we ask that you please limit your visits to the Board office.**

Still under review is the temporary closure of Board offices in Oakville and Milton, and having staff work from home.

Because of the dynamic nature of COVID-19, please note that the above courses of action are subject to change with short notice. We will communicate any changes or additional measures as they become necessary.

For any questions or concerns, please contact:
